CHRISTIAN CHURCH REVIVAL

The Kellums-Richards revival in progress at the Christian church is going on with great enthusiasm, and being attended by very large crowds, who listen to every remark by Rev. Kellums with the very closest attention. Sunday morning and evening the church was taxed to its utmost to accommodate the crowds.

Rev. Kellums' sermon Sunday morning on "The Lord's Supper," and Sunday evening on "Baptism," were two of the strongest sermons ever delivered in Paris, and met with a hearty response, many coming forward to unite with the church. It is the general opinion that every sermon Rev. Kellums preaches is better than the one preceding.

Up to Sunday night there had been one hundred and fifty-eight additions to the congregation. The meeting will continue through next Sunday. There is a baptismal service nearly every evening, and it is always most impressive.

One of the most pleasing features of the meeting is that so many of the young people of the city and county making confession are of ages ranging from sixteen to twenty-one. Sunday morning a section of the church will be reserved for all who have joined during the meeting. Be sure to be on hand. Wednesday evening the Men's Chorus will furnish the music.

The congregational singing at both services Sunday was most enjoyable and inspiring. It is expected that the two hundred mark will be reached by Sunday. The topics for the week will be as follows:

Tuesday night, "What Church Shall I Join?" Wednesday night, "Origin of The Different Denominations;" Thursday night, "The Scriptural Heart and How It is Changed;" Friday night, "Can a Man Be Saved Outside The Church?" Sunday morning, "A New Creature In Christ." (This is the service at which a section will be reserved for those who have joined the church during the meeting); Sunday night, "Christian Union."

If you are missing these services you are depriving yourself of a great pleasure. It is seldom that an evangelist is found who can enthrall and hold his audiences with strictly doctrinal preaching as does Rev. Kellums. Many people from a distance were noticed in the congregation Sunday evening.

The Sunbeam Choir is doing some fine singing and it is greatly enjoyed. One of the most pleasing and beautiful features of the meeting was the cornet and saxophone duet, "Whispering Hope." Sunday evening, by William Talbott and Dr. Harry Mathers. The Male Quartette also sang, "We Are Going Down The Valley."

Help make this week the best of the meeting!

KNIGHTS OF COLUMBUS HAVE LARGE INITIATION

A large crowd, equalled in numbers only by the delegation which attended the installation of P. I. McCarthy Council in this city about two years ago, was in Paris, Sunday, to witness the initiation of a class of seventy-three novices into the mysteries of the order.

The day's exercises began with celebration of mass at the Church of the Annunciation, at 9:30 o'clock, conducted by Rev. Father O'Hare, the pastor, assisted by visiting ministers of the church. At ten o'clock the candidates assembled at the K. of C. Hall, on Main street, where they were enrolled. The first degree was conferred on the candidates at eleven o'clock, the work being put on at the Masonic Temple by the degree team from Bluegrass Council, of Lexington. At 1:30 p. m. the second degree was conferred on the candidates by the same team at the same place. At 3:30 p. m. they were given the third degree by J. J. Donovan and staff, of Ludlow. The class was composed of 32 from Paris and Bourbon county, 32 from Falmouth, six from Cynthiana, two from Mt. Sterling, and one from Lexington.

At 6:30 p. m. a sumptuous banquet, prepared by the Ladies Aid Society of the church, was served in the basement, about four hundred guests being present. During the banquet a musical program was rendered by the Bourbon Orchestra. The banquet room was beautifully decorated and presented a brilliant sight, with the bright lights, fair women and the tasteful decorations. The menu served comprised the following: Entrees; Bourbon old ham; roast young chicken, Kentucky dressing; creamed potatoes; petit pois in timbales, with champignons; tomato salad; Thousand Island dressing; hot rolls; brick cream; individual cakes; coffee; mints; cigars; cigarettes.

Rev. Father William O'Hare, pastor of the Paris church, presided as toastmaster, doing the honors gracefully. Rev. Link, of Cincinnati, who was formerly stationed at Paris, spoke on the subject, "The Valiant Knight;" Hon. Al. G. Krebs, of Covington, on "Christopher Columbus Crossing The Sea," and Hon. Chas. E. Purdy, of Covington, on "Knights of Columbus in 1921." The addresses were brilliant and witty, evoking long and loud applause from the delighted hearers.

FIREBUGS ATTEMPT TO BURN BOURBON HOME

One of the most mysterious cases of attempted arson that has come to the attention of the authorities was reported to the police and the county authorities late Thursday night, when they were informed by a telephone message of an attempt made by firebugs to destroy the home of Mr. and Mrs. S. J. Bagby, on the Clintonville road, one mile from Paris.

Mr. Bagby, who is an engineer on the Louisville & Nashville, was on duty that night, and away from home. His wife and children were in Paris, the former attending a meeting of the order of the Eastern Star in the Masonic Temple. On their return home, Mrs. Bagby, on approaching the house, saw a light shining from one of the windows, and, getting closer, discovered smoke issuing from it. She hurriedly summoned neighbors, who entered the home, and found an attempt had been made to fire the place. One floor, bedding, furniture and clothing in the house had been thoroughly saturated with kerosene, and a match applied. But for the timely arrival of Mrs. Bagby the home would have been destroyed entirely. The flames, which were just starting up, were extinguished.

Fortunately all the doors and windows had been securely closed before the occupants left the home, and there was no chance for a draught to fan the incipient flames. It was thought the fiends who had done the work had secured a key to the home, and entered and left by the front door. Capt. V. G. Mullikin, of Lexington, was summoned and came to the scene with his bloodhounds. The dogs were unable to find a satisfactory trail, due to the fact that so many persons had entered the door and congregated in the front yard before their arrival, and the chase was abandoned.

The authorities are still working on the case, in hopes of striking something that will eventually lead to the detection of the perpetrators of the crime. They are of the opinion that it was the work of someone who had a grudge against the family, as a number of valuables left in plain view were not disturbed and nothing was taken from the house.

COMMERCIAL CLUB NOTES

Rudolph Davis will be the generalissimo of the good fellowship tour in which the business men of Paris will visit every community in Bourbon county in the near future. This according to Mr. Davis, will be one of the biggest events from Bourbon county in near future, the result of which will be to create a stronger relationship between the people of Paris and Bourbon county.

Mr. Davis has called a meeting for 7:30 Thursday night, to be held at the court house, to make full preparations for the trip. He wants all business and professional men, in fact, all persons interested in making the event a big success, to be on hand Thursday evening. Even though no definite plans have been made for the trip, interest is already at high pitch among the merchants of the city who believe this will mean much in promoting both business and fellowship. At the meeting Thursday night, Mr. Davis will perfect his organization and he is particularly anxious that a large number attend the meeting.

The Paris Commercial Club will send three representatives to Covington to-morrow to attend the meeting there in the interest of the Licking Valley and Bluegrass Highway. Rudolph Davis, John J. Williams and William E. Hacker will attend and any others interested are invited to accompany them. At the last meeting in the interest of this route, held at Cynthiana, several weeks ago, a large delegation made the trip in automobiles from here. The meeting Wednesday will be held under the auspices of the Covington Industrial Club. Lunch will be served at noon to all the guests and the good roads boosters will meet directly after lunch. Recent reports indicate that much progress is being made in the improvement of the Bluegrass route, which is now carrying practically all traffic from Cincinnati south, and the boosters are confident that, regardless of the improvements contemplated on the Dixie Highway, that the Bluegrass Highway will eventually be the main artery of travel through this section of the country.

At Bettysville last week in the case of Wm. Briggs vs. the Director-General of Railroads, a damage suit, a verdict for \$15,000 in favor of Briggs was brought in by the jury. The case for the plaintiff was handled by Robt. C. Talbott, of Paris, representing the legal firm of Franklin, Talbott & Chapman.

PROMINENT TOBACCO MAN DIES SUDDENLY

Silas Shelburne, aged about seventy-five, one of the best-known tobacco warehouse men in Central Kentucky, died suddenly in his office at the corner of South Broadway and Pine street, in Lexington, Friday night. Mr. Shelburne had been looking over some business matters, and was seen by Thomas Slater, a physician, who was summoned, to be apparently suffering great pain. Mr. Shelburne died before he arrived.

He was a native of Virginia. He came to Lexington in 1904 and built the second loose leaf warehouse in the city, which was located at South Broadway and Hayman avenue. Later he sold that warehouse and built the Shelburne warehouse at South Broadway and Pine street, being president of the company that owns it.

Mr. Shelburne is said to have enjoyed the distinction of having sold more tobacco than any other man in the world.

When he was a youth of about 17 years, Mr. Shelburne left his home in Virginia, and enlisted in the Confederate army under General Jackson, fighting through the rest of the war with him. He always enjoyed telling his experiences of his war days in his characteristic jovial manner.

Mr. Shelburne is survived by two children, his son, Victor, and Mrs. Ethel Armistead, Roanoke, Virginia. Mrs. Shelburne died several years ago. Mr. Shelburne has one brother living, who makes his home in Texas where he edits a religious paper.

Accompanied by his son, Victor Shelburne, of Washington, North Carolina, and W. L. Petty, representative of the Lexington Tobacco Board of Trade, the body was taken Saturday, to Richmond, Va., where the funeral and interment took place yesterday.

BOURBON COUNTY REPUBLICAN COMMITTEE MEETS

The Bourbon County Republican Committee met at the court house Saturday afternoon, with County Chairman W. A. Thomason presiding, and Winn Hutchcraft acting as secretary.

While a few names were mentioned as possible candidates, from various precincts the ticket was not completed. On motion of Stamps Moore, a committee of five, composed of Jas. Shea, C. P. Rice, Jos. D. Booth, Quincy Mahoney and Chas. P. Mann were appointed to canvass the county and select a ticket comprising candidates for all the offices, and report at a later meeting to be held. Chairman Thomason strongly urged the selection of a number of ex-service men as candidates.

OCCASIONALLY YOU FIND A FISH

That exactly describes fishing here. And every Kentuckian knows how this State has passed from the greatest fish and game section in America to one of almost complete depletion.

Collins, the historian, speaks of the first law passed in Kentucky as a law "prohibiting the killing of buffalo within two hundred yards of a settlement."

The Bourbon Fish and Game Club represents the first attempt in Kentucky to restock streams by private means.

If the sportsmen and landholders here make this movement a success it will spread throughout the Bluegrass at least, and give back our natural resources that other generations of Kentuckians most delighted to enjoy.

The first thing the new Club wants to accomplish is the adequate restocking of Bourbon county streams. Catesby Spears, who led the movement, hopes that 25,000 young fish can be obtained for this purpose, and Ayelette Buckner, president of the Club, says there are enough true sportsmen in Bourbon county to make this possible. The first object of the Club will be to get together such men as Mr. Buckner mentioned.

SALUTE EDITOR-IN-CHIEF FOSTER MITCHELL

Foster V. Mitchell, of Paris, graduate of the 1919 class of Paris High School, who is a member of the Sophomore Class at Transylvania College, has been chosen as editor-in-chief of The Crimson Rambler, official college publication. Mr. Mitchell was a member of the class in journalism at Transylvania, and was a member of the Crimson Rambler staff before his elevation to a higher rank. THE NEWS congratulates both Mr. Mitchell and The Crimson Rambler.

FIX GRASS SEED STRIPPING PRICES.

A well attended meeting of those interested in the bluegrass seed industry in Bourbon county, was held Saturday in the office of the Bourbon County Farm Bureau, in the court house. A maximum price for harvesting of the present crop was fixed at \$6.00, of which \$3.50 will be paid to the "raker" of gathering machines and \$2.50 to drivers. It was also agreed that the maximum price to be paid "stritters" should be \$2.50. The seed harvesting will probably begin this week.

DECORATION DAY BALL GAME

The Paris Ruggles team defeated the Versailles Club yesterday at the Second street park, by a score of 17 to 11. In one inning a Paris player tallied two home runs. A good sized crowd was in attendance and witnessed a one-sided but interesting game.

COMMERCIAL CLUB NOTES

The Retail Merchants' Bureau of the Paris Commercial Club is drafting preliminary plans for a "good fellowship tour" throughout Bourbon county, which, it is expected, will be inaugurated within the next few weeks. "The purpose of the tour," according to John F. Davis, director of business affairs of the Commercial Club, "will be to promote a stronger relationship between the business men of Paris and the various communities of Bourbon county. We want to extend to them the hand of fellowship and convince them that the business men of Paris are interested in the development of the whole county."

Rudolph Davis has been assigned to the chairmanship and will perfect the necessary organization in a few days. A feature of the trip, according to preliminary arrangements, will be a parade in Paris, before the departure of the boosters.

Trade in some sections of Bourbon county has for many years been absorbed by other towns in their immediate vicinity, due principally to the apparent apathy of Paris merchants, and it is to correct this state of affairs that the Commercial Club will endeavor to put into execution their "trade-at-home" methods and induce the trade that rightfully belongs to merchants of these places to remain with them.

"Keep 'Em Smiling," a playground film produced by Community Service, Inc., of New York, will be shown at the local moving picture theatres Friday, June 3. Mr. Sprake, the local manager, has kindly consented to run this as a feature of the regular show. The activities shown have taken place all over the country, and show the little tots in such varied activities as playing in the sand box and listening to stories being told by story tellers dressed as gypsies. The "Shoe-string Catch" as demonstrated in baseball is one of the unique features in the film. All the activities shown are interesting and appeal very strongly to the imagination of old and young.

THE BOURBON GUN CLUB

The Bourbon Gun Club held its regular shoot last Friday afternoon. Thirty-nine shooters faced the traps with the wind taking a prominent part. Raising the little clay targets jumping every way. This was the best shoot this year in every respect, and caused the hottest contest since the club started over a year ago. Eight shooters tied for the first shoot-off, six for the second, three for the third, and two for the fourth. James M. Caldwell was finally returned the winner with Wm. Wornall as runner-up. Caldwell broke 95 out of his last 100. The trophy was a case of shells donated by Dave E. Clark and W. F. Link. Next regular shoot Friday, June 10. Visitors are always welcome. Score.

"DISABLED SOLDIERS' WEEK"

MAY 29-JUNE 4

Governor Morrow has issued the following call for the recognition of the week of May 29 as Disabled Soldiers' Week: "The National Disabled Soldiers' League has set apart the week of May 29 as Disabled Soldiers' Week. It is desired that this week be called to the attention of all patriotic organizations. It is hoped during the week people of the State will give earnest thought and consideration to their obligation to the disabled soldiers; to those who bore the bunt of war for us and who through their service and sacrifice, are left maimed, broken and disabled. Especially the citizens of the State should remember these heroes and the duty of the Nation to preserve those who preserved us."

McCOMBS OIL DIRECTORS FOUND GUILTY.

John McLaughlin, of New York, and Abram Renick, of Winchester, directors of the McCombs Oil Company, were found guilty on 13 counts of using the mails in a scheme to defraud, by a jury in the United States District Court, at Louisville, which returned its verdict soon after resuming deliberation at 2 o'clock Saturday.

Immediately following announcement of the verdict James P. Edwards, of counsel for the defense, moved that the defendants be dismissed of the fifteen charges of conspiracy to defraud, contending that it had been quashed when Judge Evans instructed the government at the outset of the trial to elect on what charge it would prosecute. The motion was overruled.

W. W. Crawford, of counsel for the defense, asked for a new trial. Motion on this question will be heard to-day, the same day that McLaughlin and Renick are scheduled to be sentenced by Judge Evans.

The penalty for the offense of which the two oil men were found guilty is a fine of not more than \$2,000 or not more than five years imprisonment or both for each count.

"OH, NO! WE'RE NOT FIGHTING TOBACCO!"

That the use of tobacco is "the deadliest curse of the American nation to-day," and that the deadliest of all articles is "a little roll of paper called the cigarette," was the declaration of Mrs. Frances E. Beauchamp, of Lexington, State president of the Women's Christian Temperance Union, before convention sessions of the district organization of White Ribbon workers at Paducah. "Women of the W. C. T. U., don't flicker on this tobacco question! Save those who use tobacco from this curse of the defilement of the temple of God! Liquor was a curse; tobacco is a greater curse. The deadliest of all things is the deadly little cigarette. A cigarette fiend will invariably lie and steal, it has been proved by eminent authority," the speaker declared in her attack on tobacco.

EDITORIAL FLINGS OF THIS THAT 'EN TOTHER

Now that the bathing season is close at hand, Dr. Welch's "four-garment" girls will only have to take off one of them when they go in the water.

Gov. Morrow says we must quit patching our roads. The Governor is wrong. We must begin patching our roads like we do our trousers to make them last longer.

"It is positively wicked to wear shoes with pointed toes," says a writer upon physical culture. In 1922 there should be a national campaign for the institution of prohibition of shoes with pointed toes, even for personal use.

Nowadays a bill for having an automobile overhauled convinces the owner that the fellow who made it out was influenced by reading the reports of what the French think Germany can pay in the way of reparations.

One great advantage of the parimutuals at a race track is that a man can lose enough in the afternoon to make a good excuse when his wife wants to drag him to a bridge party at which he will lose half a night's sleep in addition to good hard cash.

In the Biblical times a man who felt blue rended his garments, put sackcloth and ashes upon himself and gnashed his teeth. In similar circumstances a wise man nowadays conserves his garments, siffs his ashes and is extremely careful not to incur avoidable dentists bills.

Job was a patient man, but he should have lived to see a bunch of Paris fishermen lined up at the mill dam of the Paris Milling Co., and on the banks of Stoner waiting for the fish to bite and permitting flies, gnats and mosquitoes to bite and calling sunset the end of a perfect day.

The new reformers tell us they are only after betting, and not racing or the breeding industry. The prohibitionists were only after the low saloon, they said, but they went ahead and took the whole shooting match. And then the anti-tobacco campaigners presumably, wanted to put the cigarette out of business, but it is a fact they will want to include all forms of tobacco, just like the rest.

A cynical Paris business man wants to know why the Paris Commercial Club isn't more interested in the matter of securing new business enterprises, lower freight and express rates, and other business necessities for Paris than in play grounds, tennis courts and community service. There has been considerable speculation along this line. This business man has asked a very pertinent question, seemingly.

Says a student of the proper study of mankind: "A man who cannot read or write may be as intelligent as a man who can read and write." A man who cannot read or write should realize his mental superiority if someone should lash him to a tree and read aloud to him a typical best seller. And strange to say, there are men who can neither read or write who have large bank accounts!

"I'm worried to death about my young friend, Will," said a prominent young society woman to a NEWS man the other day. "Well,

SUPREME CEREMONIAL OLEIKA TEMPLE NEXT FRIDAY

The Supreme Ceremonial of Oleika Temple, Nobles of the Mystic Shrine, will be held at the Woodland Auditorium in Lexington, on Friday, June 3. A large class of novices will "cross the burning sands" at this Ceremonial, and attain the Mecca beyond. Recorder Thos. L. Jones has sent out handsomely-printed booklets announcing the Ceremonial and the program, the latter embracing the following features: Novices report to Recorder at Masonic Temple, on North Broadway, at 10:00 a. m.; Noonday dinner at the Broadway Christian church for Novices and Nobles only, Nobles to meet at the Temple at 11:30 a. m.; parade starts from the church, corner of Broadway and Second, to the Auditorium, at 1:30 p. m.; Business session at Auditorium at 2:00 p. m.; Ceremonial session 2:30 p. m.; Committee will entertain visiting ladies; Dance at Phoenix Hotel ball room from 8:30 p. m. to 12:00. Nobles and their ladies only. Admission by green-and-white card. Paris Nobles and their ladies will attend the Ceremonial, which Potentate Chester D. Adams and Recorder Thos. L. Jones say will be one of the most interesting ever held.

U. S. PRESBYTERIANS FOR ORGANIC UNION.

Determination to insist upon nothing less than actual union with the other branches of the Presbyterian church was expressed at the 133rd General Assembly of the Presbyterian church in the United States held at Winona Lake, Indiana. Speakers declare that proposals for closer cooperation with the other branches were useless and that efforts should be now made for an organic union.

Discussion of the question of church union was followed by debate on the question of reorganization and consolidation of the various boards and agencies in the church. Resolutions adopted instructed the moderator to send a message to the assembly of the Presbyterian church in the United States of America (Southern) in session at St. Louis, expressing the desire of the assembly for the real union of the Presbyterian and Reformed churches and also expressing hope that the assembly of the Southern branch of the church may take such action as will not only promote closer relations, but also will secure reunion of the two bodies.

BOURBON MEN ON FEDERAL COURT JURIES.

The June term of the United States District Court will convene in Lexington, Monday, June 13, for an extended session. The docket is an unusually large one. Federal Jury Commissioner C. N. Manning, on Tuesday, drew the names of twenty men for grand jurors and petit jurors to serve at that term. The following were selected from Bourbon county:

Grand Jurors—John S. Talbott, North Middletown; Sam Weathers, Clintonville; Ed. Wagoner, Millersburg.

Petit Jurors—Jno. W. Young, Jr., North Middletown; John M. Brennan, Roy Turner, John Larue, Thos. Gilmore, John M. Hall and J. T. Martin, Paris.

BIG CUT IN RAILROAD MEN'S WAGES SOON

The rates of pay and classifications established by the Railroad Labor Board's wage award of July, 1920, will be used as the basis of reductions when the board hands down its new wage decision on June 1. It was learned. The board has arrived at tentative percentages which will cut the present rates from 10 to 15 percent, according to the class of employees affected.

When the wage reduction decision is made next week it will follow closely the form of decision No. 2, which granted the \$600,000,000 increase a year ago. The classification of employees will remain nearly the same, some slight changes being made in certain clerical divisions.

No estimate of the number of employees affected nor of the total slice in the railroads' payroll has yet been made by the Board, but figures discussed in railroad circles place the cut at between \$450,000,000 and \$500,000,000. Employees of nearly 100 roads will be included in the board's decision of June 1 and it was said that the percentage of reduction for each class of labor would be uniform for all roads.

What's the trouble?" inquired the sympathetic newspaper man. "Well the cause of my worry is this. He is very much in love with a pretty Paris girl, but says in these days of cosmetics he is uncertain whether she is a new girl or just an old one painted over." THE NEWS man couldn't do anything but offer sympathy.

The other day a typical specimen of the prevailing style of undressed chicken came out of a self-starting restaurant on Main street and caused even the staid old shock troops of Main street to register surprise and admiration. She wore one of those bolster-slip skirts, Scotch length (showing the knees when she boarded an automobile) and the waist, blouse, or whatever you call those thingumbobs covering the torso of the modern girl was constructed of some diaphanous material representing the last word in daylight saving. She was struggling desperately to forget to remember that forcing quart-size feet into pint-size shoes is of necessity a painful outdoor sport. All in all, she appeared to the hol polloi to be the acme of fashion and discomfort—but what's discomfort to the girl who wants to be strictly in "the fashion?"

QUIT TOBACCO

So Easy To Drop Cigarette, Cigar or Chewing Habit.

All desire stops. Shortly the habit is completely broken, and you are better off mentally, physically, financially. It's so easy, so simple. Get a box of No-To-Bac and if it doesn't release you from all craving for tobacco in any form, your druggist will refund your money without question. (adv)

Embarrassing Moment.
The car was crowded and as we neared our destination my cousin and I decided to make our way toward the door. I suddenly missed my purse, so we started back through the car to look for it. A number of people helped us in the hunt, and then a woman said: "Why, your purse is hanging on your umbrella." I should have liked to have made an exit through the nearest window.—Chicago Tribune.

INGROWN TOE NAIL

Toughen Skin And Nail Turns Out Itself.

A few drops of "Outgro" upon the skin surrounding the ingrowing nail reduces inflammation and pain and so toughens the tender, sensitive skin underneath the flesh, and the nail turns naturally outward almost overnight.

"Outgro" is a harmless antiseptic manufactured for chiropodist. However, anyone can buy from the drug store a tiny bottle containing directions. (alt-T)

"Writer's Cramp."
Writer's cramp has been defined as an occupation-neurosis to which those who do too much writing, especially with the hand too tightly contracted, are especially liable. A person with this trouble has not complete control over the muscles of the thumb and middle and fore fingers, although other manual operations are performed without difficulty. The affection seldom manifests itself till toward middle age.

Less Expectancy of Life.
It has been authoritatively stated that the expectation of life for men and women who have passed 40 has actually decreased and is steadily decreasing.

A Resolution

AUTHORIZING E. B. JANUARY AS MAYOR OF THE CITY OF PARIS TO WITHDRAW ALCOHOL FOR THE USE OF THE W. W. MASSIE MEMORIAL HOSPITAL AND TO EXECUTE ALL APPLICATIONS REQUIRED BY THE COMMISSIONER OF INTERNAL REVENUE FOR A PERMIT TO PROCURE ALCOHOL FREE OF TAX IN QUANTITIES NOT TO EXCEED ONE BARREL OR FIFTY GALLONS AT A TIME, AND TO EXECUTE SUCH BONDS AND OTHER PAPERS AS MAY BE REQUIRED BY SAID COMMISSIONER IN ORDER TO SECURE SUCH ALCOHOL.

Whereas it has become necessary to secure alcohol in large quantities for the use of the W. W. Massie Memorial Hospital, which hospital is owned and operated by the City of Paris through a Board of Commissioners, and whereas certain formalities are required such as making an application for a permit to procure such alcohol free of tax under title 3 of the National Prohibition Act, and to execute a certain bond on behalf of the City of Paris, and whereas it is necessary that the authority to purchase such alcohol and to execute such papers be vested in some person by the Board of Council.

NOW THEREFORE BE IT RESOLVED THAT E. B. January, as Mayor of the City of Paris, be and he is hereby authorized to execute such applications as may be necessary in order to secure a permit to procure alcohol free of tax under title 3 of the National Prohibition Act for the use of said hospital, and he is authorized to execute such bond as may be necessary or required by the Commissioner of Internal Revenue in order to secure such permit, and said January, as Mayor aforesaid, is hereby authorized to purchase for and on behalf of the City of Paris, for the use of said hospital, alcohol in quantities not exceeding one barrel or fifty gallons at a time. This resolution shall be in full force and effect from and after its passage and publication, and as required by law.

Public Sale of Baby Farm!

Saturday, June 4, 1921, at 10:30 a. m.

Acting as agents for Messrs. Talbott & Cleveland, we are going to sell on the above date one of the most attractive small farms in Bourbon County. It is one of the best propositions offered in a long time for the following reasons:

It is a part of the old F. P. Clay place, containing 15 acres of old Bluegrass land that will raise anything. On it is a handsome 2-story frame residence, practically new, containing 8 rooms, bath, newly papered and painted, piped for gas and wired for electricity, large, dry cellar, good cistern at door and is modern in every respect and is only 3 1/2 miles from city limits of Paris, on Georgetown pike.

On the place is a nice double garage, large stock barn, a great variety of healthy bearing fruit trees.

The place is one of the best located places in the county, close to schools, churches and excellent neighborhood.

Terms reasonable and made known on day of Sale.

DANVILLE BANQUET FOR KEN- TUCKY EDITORS

The committee from the Danville Chamber of Commerce announced the program for the banquet to be given at Kentucky College for Women to the visiting editors Tuesday night, June 7. Dr. W. A. Ganfield, president of Centre College, will be toastmaster, and among the speakers will be Gov. Edwin P. Morrow, whose subject will be "Kentucky."

Judge E. V. Puryear, Danville, will deliver a toast on "The Fear of the Press," followed by B. F. Forgery, editor of the Daily Independent, Ashland, on the "Power of the Press."

E. A. Jones, of the Louisville Herald, will have for his toast, "Through My Spectacles."

Bo McMillan will tell something of the "Wonder Team," Center's famous football aggregation, and Dr. M. M. Allen, president of Kentucky College for Women, will give the editors an insight into the work of the college of which he is the head.

STATE MEETING CONFEDERATE VETERANS ON JUNE 6

One of the most important matters that will come before the Kentucky division of the United Confederate Veterans at their annual reunion on June 6 will be the question of furnishing a monument to complete the construction of a monument to Jefferson Davis, president of the Confederacy, it was stated at the office of the Confederate Pension Commissioner.

The meeting of the veterans will be held at the Confederate Soldiers' Home at Pewee Valley. Veterans from all parts of the State will be present and inspect the Home where two-score of indigent and helpless veterans of the war between the States reside.

A Major General to command the Kentucky Division for the next year and Brigadier Generals for each brigade will be elected.

WOMEN IN GOOD ROADS CONVEN- TION.

For the first time women will participate in a Good Roads Convention in Kentucky, June 7-10. The Executive Committee of the Kentucky Road Engineers' Association, arranging for the road meeting to be held in Jefferson County Armory, Louisville, decided that since women are taking interest in public affairs and have been given the vote, they should be allowed opportunity to participate in the sessions.

It is expected that some of the most enthusiastic road advocates will develop among the fairer sex, not only are they being urged to attend, but women speakers will be included in the program.

Gov. Edwin P. Morrow will be asked to issue a proclamation officially designating the week as Good Roads Week in Kentucky, and calling upon the people to participate in the road congress. Every county is urged to be well represented. County Judges, Engineers and Fiscal Courts have been invited.

In addition to Governor Morrow, Joseph S. Boggs, Highway Engineer, and members of the State Highway Commission, who have accepted invitations to deliver addresses, some of the most noted road experts of the nation have been engaged to speak. The exhibit of modern construction and maintenance equipment and motor trucks, in connection with the Convention, will be highly interesting and instructive to delegates and visitors.

All sessions, the exhibits and various entertainments will be open to the public without charge.

STATE DEATH RATE LOWERED.

As a direct result of the work that has been carried on by the Kentucky Tuberculosis Association in the State during the last two years, the death rate from the disease has fallen from 195.5 per hundred thousand population in 1918 to 157.2 in 1920. Dr. J. S. Lock, secretary of the association and director of the State Board of Health's Bureau for the Prevention of Tuberculosis, said in his report at the association's annual meeting.

Twenty-two dispensaries now are functioning in the State, his report also stated. Two strictly tuberculosis clinics are in operation and are doing splendid work in finding early cases of the disease. Intensive work already has been done in Boyd, Scott, Mercer and Mason counties, and is to be undertaken in the near future in Davis, Fulton, Muhlenberg and Harlan counties.

C. L. Adler, of Louisville, was re-elected the association's president, and Dr. Lock its secretary. Miss Jessie O. Yancy and Miss Marian Williamson also were re-elected, respectively, secretary for Modern Health Crusade work and supervisor of nursing.

How Bad Backs Have Been Made
Strong—Kidney Pills Corrected

All over Paris you hear it. Doan's Kidney Pills are keeping up the good work. Paris people are telling about it—telling of bad backs made sound again. You can believe the testimony of your own townspeople. They tell it for the benefit of you who are suffering. If your back aches, if you feel lame, sore and miserable, if the kidneys act too frequently, or passages are painful, scanty and off color, use Doan's Kidney Pills, the remedy that has helped so many of your friends and neighbors. Follow this Paris citizen's advice and give Doan's a chance to do the same for you.

Thomas Ahern, proprietor restaurant, 227 Pleasant St., says: Doan's Kidney Pills are all right and I can recommend them highly. I used Doan's sometime ago when my kidneys were out of order and my back ached a lot just over my kidneys. I would have dizzy spells and felt sleepy. I lacked ambition to do my work, too. As soon as I began using Doan's Kidney Pills, which I got at Oberdorfer's Drug Store, I got relief and three boxes cured me. Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Ahern had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (adv)

A POEM ON TAXES

The following resolution was recently offered in the Colorado Legislature:

Be it resolved by the House of Representatives in General Assembly convened that we:

Tax the people and tax with care
To help the Tax Commissionaire
Tax the farmer, tax his fowl,
Tax the dog and tax its howl;
Tax the hen and tax her egg—
Let the bloomin' rooster beg.

Tax the ox and tax the ass,
Tax the "Henry," tax the gas,
Tax the house and tax his bed,
Tax the bald spot on his head.

Tax all business, tax the shop,
Tax the bonds and all their stock,
Tax the payroll, tax the sale,
Tax their hard-earned paper kale.

Tax the building of concrete,
Tax 'em for walking on the street,
Tax the living, tax the dead,
Tax the unborn before they're fed.
Tax 'em all and tax 'em well,
Tax 'em to the gates of hell.

PARIS PEOPLE PURCHASE CAR- LISLE BUSINESS

William Howard, of Richmond, and his son, Logan Howard, of Paris, have purchased the stock, fixtures and good will of the Howard Hardware Co. at Carlisle, and will take possession on June 1. The new firm will add a line of groceries to the stock of farming implements and hardware.

Will Howard, Sr., formerly of Paris, will be in charge of the store, of which his son, Wm. Howard, Jr., had previously been manager under a stock company composed of Carlisle people. He has had thirty years' experience as a farm implement salesman. Logan Howard will continue in the grocery business in Paris.

SEVERELY BURNED

Nelson Gray, colored, in the employ of Thos. W. Spicer, was severely burned about the head and arms while working on a tank. Gray had been employed in painting the inside of the tank with asbestos paint. On completing the job he lit a match and leaned over the inside of the tank to see if he had missed any part of it. An explosion followed, by which Gray's hands and face were covered with the hot paint. Fortunately his eyes escaped serious injury, but his face will be considerably disfigured. The force of the explosion threw Gray to the floor. The tank was uninjured, save for loss of paint.

TO SELL KENTUCKY WOOL OUT OF STATE

A large per cent. of Kentucky's 5,000,000 pounds of wool this year will be marketed outside the State, according to Geoffrey Morgan, secretary of the Kentucky Farm Bureau Federation, because of the lack of a market in the State.

The federation is recommending that the county pools be combined in that of the Ohio Sheep and Wool Growers' Association at Columbus, Ohio. The Ohio organization is handling wool for Ohio, Indiana, West Virginia and Pennsylvania.

SENT TO CHILDREN'S HOME

In the County Court at Carlisle an order was entered committing the six children of Zora Sosby, formerly of Paris, to the Kentucky Children's Home at Louisville. Their ages range from nine months to eleven years, and the order states that all are dependent on charity.

Sosby was arrested in Paris by Chief of Police Link and returned to Lexington, where he was wanted on a charge of robbery. It was alleged that while riding in an auto with a Lexington man, Sosby robbed him of a pocket book and a gold watch. He was indicted by the Fayette grand jury on the charge.

BOY SCOUTS. FLEAS: BOY SCOUTS FLEE!

Eleven members of the Paris Boy Scouts visited the farm of Jesse Turney, on the Maysville road, near Paris, last Friday night, to spend a night in camp. It had been their intention to roll up in blankets and sleep on the ground, cowboy fashion. But fate willed otherwise.

During the early night a light rain fell, making a change of plans necessary. Upon invitation of Mr. Turney, and declining the proffered hospitality of the home, they decided to vary the original program and sleep in the barn. During the night their slumbers were disturbed by an invasion of fleas, their quarters having previously been occupied by a delegation of Mr. Turney's farm dogs, who had been temporarily dispossessed. After much discussion and argument the council of war held by the Scouts decided upon a retreat. They returned to Paris, arriving in the early morning, weary, sleep-laden and determined to taboo further sleeping quarters in barns.

GOVERNOR PROCLAIMS "BETTER SIRE SALES."

The attention of farmers and all those interested in pure-bred cattle is called to the better-sire sale to be held in Louisville, June 2, in a proclamation issued by Governor Morrow. It follows:

"I desire to call the attention of the farmers in Kentucky, and to all those interested in pure bred cattle to the better-sire sale to be held in Louisville, Ky., on June 2.

"This sale will be held under auspices of the Louisville Livestock Exchange, and at this time 200 pure-bred registered bulls of different breeds will be sold. Arrangements have been made so that these sales will be made attractive in price and terms of payment.

"The Livestock Exchange is deeply interested in promoting a better and purer strain of cattle in Kentucky. It is conservatively estimated that at least a million dollars is lost every year by cattle raisers and breeders in Kentucky through inferior breeding.

"I am confident that the sale should receive the earnest attention of those interested in such matters, and that all of those who attend will be benefited, and that as a result, cattle breeding in Kentucky will be greatly promoted."

Residents of any street who desire to have their street oiled may have this done by paying for the oil and labor necessary for the purpose. The matter of deciding the trade of asphalt for the city streets, construction of which will begin in the next few weeks, was left over to the next meeting.

THE LEADER

COUNCIL OF BOY SCOUTS ORGANIZED.

Boy Scout troops have been formed in the Sunday Schools of Paris with a membership of nearly one hundred. The movement is authorized by the churches and controlled by them through the Bourbon Council composed of the following scout committees and officers:

Baptist church, J. T. Tucker, chairman, D. S. Henry, R. F. Collier, with Collier Dawes Assistant Scoutmaster.

Methodist, H. A. Power, chairman, Chas. A. Duncan, S. P. Mohney, with Leslie O'Neal Assistant Scoutmaster. Christian, A. L. Boatright, chairman, W. O. Hinton, Thos. Kiser, with Lawrence Mitchell Assistant Scoutmaster.

Presbyterian and Episcopal united, O. L. Davis, chairman, J. M. Brennan, J. S. Varden, with N. B. Waddill and W. B. Harbeson Assistant Scoutmasters.

O. L. Davis is President of the Council and J. T. Tucker, Secretary and Treasurer. The pastors constitute an advisory board.

Scout work is recognized as an important factor in a boy's education, and these troops will add materially to the community life of Paris.

The movement has been held up several weeks for lack of leadership, and the Council is to be congratulated on finally securing the services of C. B. Harrison as Scoutmaster. No better selection could possibly have been made, as he is admirably qualified to fill this important position. Mr. Harrison accepts this work in addition to his duties as general secretary of the Y. M. C. A., and both institutions will be the gainers thereby. The Scoutmaster and his assistants will meet and complete the troop organizations at once. The Presbyterian boys have already passed the required examination for the tenderfoot class and are regular scouts, uniformed and equipped.

FORMER PARISIAN GETS FIRST-CLASS POSITION

Edward M. Hite, formerly of Paris, who was for many years in the State Fire Marshal's office as Deputy State Fire Marshal, and who has filled other positions of responsibility along the prevention lines, recently passed a successful civil service examination at Washington, for the position of Fire Prevention Engineer. Mr. Hite has received an official order from the Government to report to Fort Benjamin Harrison, near Indianapolis, for duty.

The position carries a salary of \$3,600 per annum, and all expenses. Mr. Hite's success in his line of endeavor illustrates the merit of constant application and study to one thing. He has never known any other line of work but fire fighting, and has made a lifelong study of that in connection with the electrical business, both of which he has mastered thoroughly. He began his life-work when his father, the late William O. Hite, familiarly known to the people of Paris as "Shiner," was engineer of the Paris Fire Department, and has stuck to it ever since, his progress being sure and steady.

NINE PARAKEET STORES SOLD FOR \$25,000

Stocks and fixtures of nine stores of the Parakeet Mineral Water & Grocery Company, which was adjudicated bankrupt April 11 after an involuntary proceeding in Federal Court, was sold in Louisville by Geo. A. Brent, referee, in Louisville, for \$25,000. The claims of general creditors aggregate \$29,350. In addition there are mortgage and lien claims. The Louisville store, located at 1104 South Main street, was sold to L. Grauman & Co. for \$950. The Southern Auction Sales Company bought stores at Corbin, Livingston and Somerset for \$4,000, \$1,450 and \$4,750, respectively. Other sales were:

Lebanon Junction, to Otho Quick, Elizabethtown, Ky., for \$1,750; Middletown, to Ira Watson, Middletown, for \$1,110; Paris, to L. Grauman & Co., for \$2,000; Ravenna Grocery Company for \$3,550; Williamsburg, to E. T. Paul, for \$2,100.

BASE BALL GAMES

Paris Ruggles team and the Versailles team battled for supremacy Sunday afternoon on the Versailles grounds, the game going to Versailles on the long end of 9 to 7 score. Perkins, Caywood and Berryman occupied the hurling and receiving stations for the Ruggles team. A large number of Paris fans accompanied the locals to witness the game.

The Georgetown colored team defeated the Paris Red Sox, Sunday afternoon in a game at the Second street ball park by a one-sided score.

One of the most brilliant games that has been played on the local grounds was the struggle between the Junior Pirates of Paris, and the North Middletown Stars, composed of boys whose ages ranged from sixteen to eighteen years. The game was played Saturday afternoon on the local grounds. The game was devoid of sensational plays, both teams being about evenly matched. Jackson and Rourke for the Paris team, secured home runs. North Middletown used three pitchers in an attempt to stem the tide against them but the final score stood 33 to 7 in favor of the Pirates. The visitors secured only nine hits off of Crawford, the Pirate's pitcher, while the Pirates slugged all three of the visitor's hurlers out of the box. The batteries were: For Paris, Crawford and Jackson; for North Middletown, Shields, Wells, Stanley and Hopkins. These teams will play another game in the near future.

The teams lined-up as follows: Paris Pirates—Jackson, c; Crawford, p; Rourke, 1b; Jenkins, 2b; Hancock, 3b; Browner, ss; Terry, cf; Brent, lf; Alexander, rf. North Middletown Stars—Shields, p; Shields, c; McDaniel, ss; Eldridge, cf; Caywood, 1b; Stanley, 2b; Wells, 3b; Thompson, rf; Hopkins, lf.

Y. M. C. A. NOTES

At a meeting of the physical department of the Y. M. C. A., it was voted to hold the annual free swimming campaign again this year. The campaign will be held for boys, beginning to-day, Tuesday, May 31, and continue six days, the examinations being given Tuesday, June 7. The class will meet after school each afternoon. Any boy ten years old and over, who cannot swim, is eligible. The campaign for girls will be held the following week.

NAIL IN FOOT

While working in some loose lumber at the Ruggles Motor Co.'s garage, on Bank Row, William McCannahan an employee, stepped on a loose plank, a rusty nail penetrating his foot. Blood poisoning developing, he was removed to the Massie Memorial Hospital for treatment. He was reported yesterday as doing very well.

VISIT TELEPHONE EXCHANGE

In charge of their teacher, Miss Julia Clark, pupils of the Sixth Grade, Paris High School, paid a visit of inspection Friday to the plant and operating room of the Cumberland Telephone Co. They were taken in charge by Manager H. H. Floyd and assistants, and the mysteries of "Number, please" and "Line's busy," and the multiple complex workings of the telephone and switchboard systems were explained to them. Other grades in the school will visit the exchange this week for the same purpose.

AUTO CATCHES FIRE

An alarm from Box 18 Friday evening called the fire department to the White Front Garage, on Main street, between Seventh and Eighth, where an auto standing in front of the garage had caught fire. It was said a lighted lantern in the machine had overturned, igniting the oil and gasoline. For a few moments it was feared the flames would communicate to the garage, but were extinguished by Jos. W. Davis, Jr., manager of the garage, with aid of a hand extinguisher.

GAME WARDENS BUSY

With the coming of summer and the fishing season, fishermen who use illegal means for catching fish, are tempted to pit their wits against the law. Several cases of law violations of this kind have been reported, two men who were caught by the Game Wardens seizing ponds being heavily fined. The wardens also caught five men who had in their possession a big seine with which they had planned to sein Stoner Creek.

The game and fish wardens of the county are true sportsmen, and men of fearless character, who will do their plain duty in the face of danger, even, and lawbreakers should as well understand this. Every effort will be made by the newly organized Fish and Game Club to assist the authorities in apprehending violators of the game laws and to put a stop to fishing by illegal means.

SCHOOL NOTES.

Miss Elizabeth Roff, president of the Classical Association of Kentucky, and instructor of Latin at the Paris High School, delivered an address Saturday before the students of Berea College, and was guest of honor at a dining given in the College building.

Commencement exercises of the North Middletown High School began Friday evening with an entertainment given by the Junior and Sophomore classes in honor of the Senior Class. The baccalaureate sermon was preached at the Christian church, Sunday evening, by Rev. R. H. Ellett. Yesterday afternoon Field Day exercises were held under auspices of the Mother's Club. Last night a program was rendered by the Primary Department. The exercises will be continued to-day, concluding with an address by Rev. Dr. Homer D. Carpenter, pastor of the Richmond Christian church.

Examinations are on this week in all the grades and the High School in Paris. This is the busiest and most important week of the entire year. Parents are urged to see that their children are here for every examination. The examinations held in the first grade are just as important as the ones held in the Senior class and we especially urge parents to keep their children in to the last day. Full sessions will be held throughout the week. The children in the grades are finishing a splendid year, every child in the first eight grades took part in one of the entertainments that were held recently and we feel very proud of the way they acquitted themselves and we are very appreciative of the splendid interest shown in these splendid group of grade teachers in the Paris schools and I feel more than ever that the patrons of the Paris school appreciate the work this group has done for their children. Remember the county commencement on Wednesday, June 8 and the High School commencement Thursday, June 9. With these programs we lower the curtain on the 1920-21 session. Thanking you very kindly for every courtesy and every kindness extended to us during the year.

Sincerely,
LEE KIRKPATRICK, Supt.

TOBACCO'S FOES LOSING GROUND

Canvass of 7,847 Editors Shows 7,393 Communities Against Abolishing Weed.

ANTIS LOSE THREE STATES.

Utah, Under Mormon Influence, Only Commonwealth to Adopt Prohibition Measure During Year.

"Is tobacco going to have its scalp added to the belt of the prohibitionist beside that of the lamented but as yet not altogether late alcohol?" is the question asked by Garret Smith in an article in the current issue of *Leslie's Magazine*.

The writer reaches the conclusion that while there has been increased agitation and legislative activity on the subject of tobacco following the success of the drive for prohibition of liquor the efforts of reformers seeking to abolish tobacco have no general support. This opinion is based on the results of the questionnaires on the subject sent out to newspaper editors of the country by the Press Service Company of New York City.

The questions asked were:

(1) Do you favor the enactment of laws prohibiting the personal use of tobacco by adults?

(2) In your judgment does the general sentiment of your community favor such legislation?

(3) Is the use of tobacco personally objectionable to you?

No arguments accompanied the questions and from their form it was impossible for any editor to determine the attitude of the questioners.

Out of 12,518 editors questioned, 7,847 replied according to the summary given. These editors, it is estimated, represent a combined circulation of 21,870,048. Of the 7,847 editors replying, 7,393, or 95 per cent, represent public sentiment in their communities as opposed to anti-tobacco legislation. Only 200 editors, or 3 per cent of those replying believed there was any considerable sentiment favorable to tobacco prohibition. There were 174, or 3 per cent, in doubt, while 20 failed to record their judgment.

Editors' Judgment Unbiased

"It is of special interest to note that 599 editors in answering the first question, personally favored such legislation, although only 280 of them reported that public opinion also favored the prohibition of tobacco—an indication of the conscientious effort made by the editors to distinguish public opinion from their own personal opinions," the article continues.

"The highest percentage of replies reporting public opinion favorable to prohibition of tobacco came from Utah, where 42 per cent of the editors thought the public were for such a movement. Utah is the only state which has since adopted an anti-cigarette law. The result was forecast by several of the editors who stated that the influence of the Mormon Church was against tobacco. The Mormon Church is also strong in Idaho, which is the other state where the use of tobacco was recently prohibited, but the governor has signed the bill just passed, in which the prohibitory legislation is repealed. In this state 39 per cent of the editors estimate sentiment in their communities as against tobacco prohibition, which, nevertheless, is 6 per cent below the average reported position.

"The legislature of Tennessee some weeks ago passed and the governor has signed a bill repealing the anti-cigarette law of that state. The questionnaire showed 93 per cent of its editors believed the public against anti-tobacco legislation. The legislature of Arkansas has also passed a bill repealing its anti-cigarette law. In this state 94 per cent of the editors reported against tobacco prohibition.

Arizona's Practical Joke

"A bill, introduced in the current session of the legislature of Arizona to prohibit smoking in public dining rooms and other public places, was first amended to prohibit the consumption in public of peanuts, chewing gum, tea and coffee and then defeated by the senate. The questionnaire returns from that state were 92 per cent 'no'.

"In Iowa where the 'no's were 95 per cent a bill to repeal the anti-cigarette law has been passed and signed by the governor.

"A bill to repeal the anti-cigarette law in Kansas, with 89 per cent 'no's' is receiving the attention of its legislature. Last year a petition for a referendum in Oregon to prohibit the use of tobacco failed of sufficient signatures to bring the question to a vote, and 95 per cent of the editors declare their public against legislation. In Oklahoma an anti-cigarette bill has been reported unfavorably in the house. The editors of that state reported 94 per cent against its public support.

"Outside of Utah, where Mormon influence predominates," the article concludes, "the anti-tobacco movement appears, as in the case of Tennessee, Arkansas and Iowa, to be losing ground and is not to any considerable extent supported by the people."

The friends of tobacco feel particularly elated over this showing, inasmuch as 1920-21 was a maximum year in legislative circles with 43 state legislatures in session and the tobacco subject received an unusual amount of consideration.

Restored To Health By Tanlac Three Years Ago and Still In Splendid Condition

"It has been three years now since Tanlac relieved my sufferings and built me up so wonderfully, and it is still my favorite medicine," said Mrs. Cora Fightmaster, 316 Washington avenue, Newport Ky.

"My stomach had been troubling me the worst kind for years and gradually got worse in spite of all that could be done for me. Three years ago, just a few weeks before I got Tanlac, my condition became so bad that I was taken to a hospital and was under treatment there for eight weeks, coming home at the end of that time one of most discouraged persons in the world. I had fearful pains in my stomach, was so run-down, weak and nervous that I felt like I couldn't live, and as nothing helped me I became down-hearted and despondent almost to despair.

"Then I made up my mind to try Tanlac, seeing it so highly recommended, and the very first bottle stopped my stomach pains and nervous troubles and made me eat and sleep well. I soon commenced to regain my lost weight and strength and it was not long before I was on my feet again, to do my household work. Honestly, I don't believe I would be living today if I had not taken Tanlac, and I never fail to keep a bottle in the house. If I have any symptoms of indigestion or begin to feel run-down, Tanlac soon put me on my feet again, and if I could speak with everybody personally who is suffering like I did I would certainly advise them to try it."

HISTORIC PULPIT

(Beattyville Enterprise)

The Christian church at Beattyville enjoyed a unique and interesting little ceremony at the close of the regular services. For years the ministers who have preached for that church have used a pulpit that was formerly the property of the old Main Street Christian Church of Lexington. And only recently it was discovered that the piece of furniture has a remarkable history. It is said that in the latter part of November, 1843, Alexander Campbell, the great preacher of his time, and Dr. M. L. Rice, a prominent Presbyterian preacher, engaged in a protracted debate, and during this intellectual battle between two ecclesiastical giants, this pulpit was used. In view of the above facts the Ladies' Aid Society ordered a handsome plate of burnished brass engraved with a suitable inscription in black enamel. After a brief talk by the pastor, the Rev. George F. Duffy, giving an account of the pulpit and the debate, and mentioning some of the great pioneers of the Restoration movement who had occupied it, Miss Kate Reid came forward and screwed the plate to the front of the pulpit.

Arctic Sheep Raising.

That the arctic lands of northern Canada, where the thermometer goes down to 91 degrees below zero, offer unusual opportunities for growing sheep, cattle, Siberian alfalfa and even fruit, is the announced belief of an American agricultural expert, in Popular Mechanics Magazine. He recommends the cross-breeding of Canadian and Siberian sheep to gain the hardy qualities required.

Our Waggish Friend Again.

As you say, Roger, a bridge was wanted to support any strain in the bridge of a violin.—Boston Transcript.

Records of Australian Shearing. Shearers in Australia are paid by the number of sheep they shear, but the ranch helpers are paid by the week. Averaging everything from young wethers, which are hard, to old ewes, which are easy, a good man will shear about 90 or 100 sheep a day. The actual record is 327 sheep shorn by a Queensland shearer in nine hours. And other big records have been made. But that was probably years back with the "blades," when the fleeces were five-pound and six-pound, and not nine-pound and ten-pound, as they are today.

RELIGIOUS.

—The revival meeting being conducted by Rev. Arthur Fox, pastor of the Paris Baptist church, at the Ashland Avenue Baptist church, in Lexington, continues to attract large audiences, and great interest is being manifested in the services. Rev. Fox preached Sunday morning and evening at the Ashland Avenue church, at 3:00 p. m. in the West End Baptist Church, and at 4:30 p. m. in the Brighton Baptist church.

Nearly three hundred women attended the recent meeting of the Woman's Missionary Union of the Elkhorn Baptist Association, held at the Stamping Ground church, in Scott county, last week. Mrs. J. O. Smith, of Versailles, superintendent, presided over the meeting. Mrs. Walter Clark, of Paris, delivered an interesting address on the work of the young people in the church. The following from Paris attended the meeting: Mrs. Walter Clark, Mrs. R. B. Smart, Mrs. W. W. Hinton, Mrs. Robert Turner, Mrs. Homer Rankin, Mrs. C. P. Wilmoth, Mrs. J. T. Tucker, Mrs. A. M. Houston, Mr. and Mrs. Thos. W. Spicer. The 1922 meeting will be held with the Ashland Baptist church, in Lexington.

REAL ESTATE TRANSACTIONS

Harry L. Mitchell, of the real estate firm of H. L. Mitchell & Son, of Paris, purchased of a Lexington real estate agency the home of W. M. Rogers, at No. 611 Elsmere Park, in Lexington, and will take possession about July 1. Mr. Mitchell will move his family to the new home, but will continue his real estate business in Paris, having fitted up cozy offices on Sixth street, in the rear of the Farmers' & Traders' Bank. Mr. Mitchell also purchased a tract of thirty acres on the Richmond pike, a short distance from Lexington. This will be subdivided into building lots and sold at public auction in the near future.

H. L. Mitchell & Son, realtors, sold a four-room cottage located on Vine street, belonging to Mrs. H. A. Mitchell to Wollstein Bros. for a price reported about \$1,300.

K. OF C. TO CELEBRATE "THE GLORIOUS FOURTH."

Arrangements are being made by a committee of enthusiastic workers from P. I. McCarthy Council, Knights of Columbus, for a monster all-day picnic to be given near Paris on July 4. While the arrangements are yet in the early stages, it is safe to say that the picnic will, like the previous one given under the auspices of the Knights, be one of many enjoyable features, and a winner from start to finish. Tentative plans for the big event are in the hands of Jos. J. Grosche and assistants who are working with a good will and earnest purpose to make the picnic one of the best of the kind ever given in Paris.

Though the preparations have not progressed to a point where much publicity can be given, we have been assured by Mr. Grosche that a pleasing program will be presented comprising patriotic speeches by noted orators, reading of the Declaration of Independence, Music by the Boys' Band from the Odd Fellows' Home at Lexington, a cake walk for the championship of the Bluegrass, and other features to be decided on later. Further details of the big event will be given publicity through the columns of the local papers.

LODGE NOTES

At a meeting of Bourbon Lodge, I. O. O. F., last night, the Third Degree was conferred on Kenney Kiser, Stewart Urmon, James Rankin and E. H. West, who had taken the Second Degree at a previous meeting. Applications for membership are coming in at nearly every meeting of the lodge.

On account of the discontinuance of the use of rituals in lodge services and the introduction of cipher work on July 1, it has been suggested that at the election of Knights of Pythias officers next Thursday night, all Past Chancellors should be elected for the ensuing term. This should be thoroughly discussed before the election, and all members who have the good of the order at heart, should be present.

More than 1,500 Knights of Pythias are expected in Lexington, June 14, to attend the annual convention of the Grand Lodge and the initiation of the 100 candidates, which will be held in the Lafayette Hotel, where headquarters will be established.

Invitations have been sent to every part of the State for Knights to meet in Lexington for one of the largest celebrations of the sort ever staged in Lexington. One class of candidates will be initiated into the order at Winchester, May 30, and practically the entire local organization will go there for the ceremonies.

The Knights will make a special effort at this time to subscribe the \$55,000 of the endowment fund which is needed to reach the \$100,000 mark set by the organization.

MATRIMONIAL.

MOORES—CANTRILL

—Miss Marion L. Cantrill and Shelby Morris, both of Bourbon county, motored to Jeffersonville, Ind., and were married there Thursday night, returning to Paris, Saturday.

The bride, aged nineteen, is a daughter of Mr. and Mrs. Llewellyn Cantrill, who reside on the Maysville pike, between Paris and Millersburg, and is quite an attractive and popular young woman. She is a granddaughter of E. F. Cantrill, of Paris. The groom is an industrious young farmer. Mr. and Mrs. Morris will reside at the home of the groom, near Paris.

HOWARD—WAGNER

—The marriage of Miss Bettie Larkin Howard and Mr. Harry Alvin Wagner was quietly solemnized at the home of the officiating minister, Rev. W. E. Ellis, on Wednesday, May 25, at 3:30 p. m. The bride, the attractive daughter of Mr. and Mrs. James H. Howard, of Paris, is the eldest of four daughters. She was attractively attired in a tricot suit and picture hat, and wore a corsage of bride's roses and valley lilies.

The groom is the eldest son of Mr. and Mrs. A. J. Wagner, of Paris, and is a very industrious young man. Those who witnessed the ceremony were Misses Louise and Henrietta Howard, sisters of the bride, Mr. and Mrs. G. W. Wagner, Mr. J. C. Howard and Mr. and Mrs. Neal P. Harney.

The happy couple are away on their honeymoon, and expect to soon be at home on South Main street, in this city.

BIRTHS.

—Mr. and Mrs. Emmet Mastin, of Lexington, are receiving congratulations on the birth of a fine baby boy, who has been christened Emmet Earl Mastin, Jr. Mrs. Mastin was formerly Miss Louise McWhorter, of Millersburg.

ARRSTED ON SERIOUS CHARGE.

R. E. Steip, white, was arrested in North Middletown by Chief of Police Link and brought to the Paris jail, on a charge of obtaining money under false pretenses and grand larceny. It was alleged that Steip, under the alias of George Green, had passed an alleged check for \$35 on a Paris merchant. Steip accompanied by his wife, engaged a taxicab in Paris to take him to North Middletown. Chief Link followed and learned that Steip had engaged passage in another taxicab going to Mt. Sterling. Waiting until Steip appeared the officer placed him under arrest and brought him to Paris.

NEW PAPER PLANNED FOR MANCHESTER

The plant of the Clay County Clarion, at Manchester, which has not been publishing for some time, has been purchased by Judge D. L. Lytle, County Superintendent D. M. Allen T. L. Adams, and Professor William J. Moore. They are contemplating starting a new paper known as the Clay County News.

DROVE CATTLE TO MARKET

M. Hisle, of Clark county, was a visitor at the home of Wm. Ecton, in Mt. Sterling, last week. Mr. Hisle is ninety-three and is probably the only man living to-day that has walked across the country in earlier days and driven fat cattle to the New York markets before the day of railway service.

In England "Miss" formerly was applied only to girls under ten years of age.

RACE HORSE BREEDER KILLED IN CAR CRASH.

Sidney Bedford, Frankfort, race-horse breeder, was killed early Friday night, when his sedan was wrecked by an L. & I. passenger car in the heart of Shelbyville.

Mr. Bedford, who is 68 years old, was driving alone and it is supposed he was on his way to Frankfort from the Louisville races.

It is believed he mistook the headlight of the interurban car for an arc light. He deliberately drove onto the track with the traction car only a few feet away. His skull was fractured and he was killed almost instantly.

Mr. Bedford owned a large estate near Spring Station, in Franklin county, near the Woodford county line, where for many years he had engaged in farming and race horse breeding. Trainer Dan Morris, of Paris, has been racing Ben Valet at Churchill Downs at the present meeting for Mr. Bedford.

His widow, who lives in Frankfort, and a son, Thos. Bedford, who runs his father's farm, survive.

SWIFT & CO.'S WEEKLY PRODUCE MARKET REVIEW

Egg receipts are lighter on the leading markets and some advance is noted in quoted prices for fine grading stock. To bring best prices, eggs should be gathered daily, held in a cool place and marketed frequently. Cream has been received in larger quantities during the week, but

prices for butter have been well sustained.

Poultry moving from the farms in larger quantities and prices are generally lower on the consuming markets and in producing sections.

Alligators grow very slowly. A twelve-footer may be reasonably supposed to be about 75 years old.
